(54) **Detachable golf putter head**

(57) A golf putter has a shaft 5 and a head 8 which are connected by a threaded or bayonet fixing allowing the head and shaft to be engaged or disengaged when required.

GB 2 195 901 A

FIG. 1

2195901

SPECIFICATION

Detachable golf putter head

- 5 This invention relates to a detachable golf putter head.

The need to change a putter is usually for the weight or style of the head. This invention allows for a variety of putter heads for use in

- 10 different conditions to be attached to your existing shaft.

TECHNICAL

- The connection between the shaft and head
15 is made by a threaded or bayonet connection.

REFERRING TO DRAWING

- The putter is shown in Fig. 1 in its separated form. The shaft 5 has a threaded or
20 bayonet fixing at its base 6 the head 8 has a threaded or bayonet fixing 7 designed to effect a connection with the shaft 5.

The threaded section may be left or right hand thread.

25

CLAIMS

A detachable golf putter head which by means of a threaded or bayonet connection can be attached to a shaft.
